

K-LOVE is one of the few radio stations our family listens to due to its' positive message and unoffensive programming format. We feel so strongly about this that we support K-LOVE financially.

There are very few quality stations in our area and the removal of K-LOVE would be a great loss to our community. K-LOVE's music, announcers and public service messages present uplifting and wholesome entertainment, advice, instruction and encouragement. This is of great benefit to children, teenagers, parents and others concerned about moral issues in our culture. We earnestly request that all efforts be made to keep K-LOVE on the air in our community.

Thank you
